

Plan Your Own Outdoor Kitchen

Firstly select the type of outdoor kitchen you would like to design. Whether it's a fully modular BeefEater "Ivis" Outdoor kitchen (see pages 8,9,10 & 11 of the BeefEater Outdoor kitchen brochure) or the Built-in and/or mobile units featured on pages 4,5,6,7,12,13 & 14.

Then measure the space (in mm) you have allocated to your outdoor kitchen. Over the page you will find an empty scaled grid. This grid is to a scale of 25/1. Simply divide your measurements by 25 to arrive at a size that will be approximately to scale. Draw this scaled length and width onto the grid page. Below you will find actual dimensions for each of the Ivis and BeefEater modular and built-in units, together with a scaled size that corresponds to the grid scale overleaf. The final step is to design and draw your outdoor kitchen using the scaled dimensions below. Remember, your BeefEater specialist dealer will only be too pleased to help you design your perfect outdoor kitchen.

Ivis Modular Sizes and Configurations

* All dimensions shown are with a stainless steel bench top. If other finishes are being used then these sizes may vary.

Sink Module
width 600mm x
depth 690mm x
(Scaled size: width 24mm
x depth 28mm)

4 Burner BBQ Module
width 900mm x
depth 690mm
(Scaled size: width 36mm
x depth 28mm)

Left Hand Corner Module
(return kits)
width 255mm (rear) 815mm
& 690mm (front) Depth 690mm
& 1120mm (see plan)
(Scaled size: width 10mm (rear)
33mm & 28mm (front)
Depth 28mm x 45mm)

2 Burner BBQ Module
width 600mm x
depth 690mm
(Scaled size: width 24mm
x depth 28mm)

Right hand Corner Module
(return kits)
width 255mm (rear) 815mm
& 690mm (front) Depth 690mm
& 1120mm (see plan)
(Scaled size: width 10mm (rear)
33mm & 28mm (front)
Depth 28mm x 45mm)

Side Burner Module
width 600mm x
depth 690mm
(Scaled size: width 24mm
x depth 28mm)

Right Hand Door Module
width 600mm x
depth 690mm
(Scaled size: width 24mm
x depth 28mm)

3 Draw Module
width 600mm x
depth 690mm
(Scaled size: width 24mm
x depth 28mm)

Left Hand Door Module
width 600mm x
depth 690mm
(Scaled size: width 24mm
x depth 28mm)

Side Burner (Built-in unit)
Width 345mm x 510mm
(see specifications on
page 15 of brochure for
cut out dimensions)
(Scaled size: width 14mm
x depth 20mm)

Barbecue Built-In Sizes

6 Burner SL4000s with integrated side burner
width 1339mm depth 570mm
(Scaled size: width 54mm x depth 23mm)

5 Burner SL4000s with integrated side burner
width 1181mm depth 570mm
(Scaled size: width 47mm x depth 23mm)

5 Burner S3000s/S3000e
width 973mm depth 570mm
(Scaled size: width 39mm x depth 23mm)

4 Burner S3000s/S3000e
width 816mm depth 570mm
(Scaled size: width 33mm x depth 23mm)

3 Burner S3000s/S3000e
width 660mm depth 570mm
(Scaled size: width 26mm x depth 23mm)

2 Burner S3000s/S3000e
width 495mm depth 570mm
(Scaled size: width 20mm x depth 23mm)

Plan your own BeefEater Outdoor Kitchen — Scaled 25/1 grid map

When you have finished your design – take this sheet to your nearest BeefEater Specialist Dealer who will help you complete your own personal outdoor kitchen.
